ABOUT US

Built to make sourcing from Indonesia simple

PT ARSY Global Trade is a Jakarta-based export trading company. We source natural products from trusted Indonesian producers, check their quality and paperwork, and ship them to buyers abroad.

Indonesia is one of the world's richest sources of natural raw materials, yet many good producers are small and do not deal with foreign buyers directly. We stand in between: one counterparty that speaks the buyer's language, handles export documents, and stays accountable for every shipment.

We start with two product lines that we know well through our supply network: **essential oils**, led by patchouli oil, and **plywood** from mills in Central and East Java. More Indonesian commodities will follow as our partner network grows.

Our mission

Deliver Indonesian natural products to the world with honest specifications, complete documents and on-time shipments.

Our values

Honesty in every specification. Fair dealing with producers and buyers. Clear communication from inquiry to delivery.

LEGAL NAME **PT ARSY Global Trade**	ESTABLISHED **November 2026, Jakarta**
BUSINESS TYPE **Export trading (wholesale)**	TAX ID (NPWP) **1000 0000 1217 6388**
DIRECTOR **Aalia Alyssa**	ESSENTIAL OIL SUPPLY PARTNER **Nusaroma, in essential oils since 2004**

WHY WORK WITH US

A new company backed by experienced partners

We are a young company, and we say so openly. What we offer is an experienced supply base, a strict approach to quality and paperwork, and a team that answers quickly.

Experienced supply partners

Our essential oils come through Nusaroma, an Indonesian essential oil business active since 2004, and its long-standing collector network. Our plywood comes from established mills in Central and East Java.

Lab-tested quality

Essential oil shipments come with a laboratory Certificate of Analysis (COA) for the batch, so you can check the key components before you pay the balance.

Legal timber only

We buy plywood only from mills certified under Indonesia's timber legality system (SVLK). Every plywood export carries a V-Legal document, as Indonesian law requires.

Complete export documents

Commercial invoice, packing list, certificate of origin, safety data sheet and phytosanitary papers where required, all prepared and checked by us.

Trial orders welcome

Start small. Essential oils can be ordered from a few drums, so you can test our quality and service before committing to larger volumes.

Fast, direct communication

Talk to the decision maker directly by email or WhatsApp. We reply within one business day, in English.

PRODUCT LINE

Essential Oils

01

Indonesian essential oils in bulk for fragrance, cosmetic, aromatherapy and flavour manufacturers. Indonesia is the world's main source of patchouli oil.

Oils we supply

Patchouli oil | Clove leaf oil | Nutmeg oil | Other Indonesian oils on request

Main product	Patchouli oil (*Pogostemon cablin*), Indonesian origin. Grade defined by patchouli alcohol (PA) content, confirmed by laboratory COA.
Form	Bulk, natural essential oil
Packing	Steel drums, approx. 180 kg net per drum. Other packing on request.
Documents	Certificate of Analysis (COA) per batch, Safety Data Sheet (SDS), commercial invoice, packing list, certificate of origin
HS code	3301.29 (essential oils, other than citrus fruit). Exact code confirmed per product.
Shipping	Sea freight from Tanjung Priok, Jakarta. Shipped as dangerous goods where the SDS requires it (patchouli oil: UN3082, class 9).
Minimum order	From 1 drum for a trial order

What we check before shipment

Key components

Patchouli alcohol (PA) or the main marker of each oil, tested by a laboratory for the batch.

Appearance and odour

Colour, clarity and odour compared with the approved sample.

Packing and labels

Sealed, clean drums with batch number, net weight and hazard labels where required.

Specifications, available grades and prices change with each harvest season. Please ask for our current quotation and the COA of the batch on offer.

PRODUCT LINE

Plywood

02

Plywood from established mills in Central and East Java, for construction, furniture and packaging buyers.

What we can supply

Commercial plywood | **Face: meranti and others** | **Core: sengon (falcata) and others**

Standard size	1220 × 2440 mm (4 × 8 ft). Other sizes on request.
Thickness	Common range 3 to 18 mm, to buyer's specification
Glue	MR (moisture resistant) or WBP (weather and boil proof), to buyer's specification
Grade	Face and back grades to buyer's specification
Legality	SVLK-certified mills only. V-Legal document with every shipment.
Documents	V-Legal, phytosanitary certificate, commercial invoice, packing list, certificate of origin
HS code	4412 (plywood). Exact subheading confirmed per specification.
Ports of loading	Tanjung Emas, Semarang (Central Java mills) · Tanjung Perak, Surabaya (East Java mills)
Minimum order	1 × 20' or 40' container

What we check before shipment

Size and thickness

Sheet size and thickness measured against the agreed specification and tolerance.

Face quality

Face and back veneers checked against the agreed grade, with photos sent before loading.

Legality papers

Mill SVLK certificate verified and V-Legal issued for the shipment before export.

Send us your required specification (species, thickness, glue, grade, quantity and destination port). We will match it with suitable mills and quote within a few business days.

HOW WE WORK

From first inquiry to delivery

1. **Inquiry**
   Tell us the product, specification, quantity and destination port.
2. **Quotation**
   We send a written quotation with price, Incoterm, payment terms and lead time.
3. **Sample and specification**
   On request we send a sample and the lab COA (essential oils) or the mill specification (plywood).
4. **Proforma invoice and deposit**
   After you confirm, we issue a proforma invoice. Production or packing starts once the deposit is received.
5. **Preparation and inspection**
   Goods are prepared, checked against the agreed specification, packed and marked.
6. **Shipment and documents**
   We book the vessel, clear export customs and send you copies of all shipping documents.
7. **Balance payment and release**
   Balance is paid against the copy of the bill of lading. Original documents are then released to you.

INCOTERMS	PAYMENT	PORTS
FOB, CFR or CIF (Incoterms 2020)	**T/T: deposit, balance against copy of B/L**	**Tanjung Priok · Tanjung Emas · Tanjung Perak**
